

CM inaugurates i-GeoApproach

Hon'ble Chief Minister, Madhya Pradesh launching i-GeoApproach

**Hon'ble Chief Minister releasing Manual of i-GeoApproach
(From Left Shri. Gopal Bhargava, Hon'ble Minister of Panchayat & Rural Development, Hon'ble Chief Minister & Shri Ragavji, Hon'ble Minister of Finance)**

Shri. Vivek Chitale, TD & HOD Geomatics Div., NIC, MP presenting the i-GeoApproach

i-GeoApproach has been inaugurated by Hon'ble Chief Minister, Madhya Pradesh, Shri Shivraj Singh Chouhan on 29th August 2009 in a grand function in the Hotel Lake View Ashoka organized by M.P. Rural Road Development Authority (MPRRDA). On this occasion Hon'ble Minister of Finance, Panchayat & Rural Development, Agriculture & Secretaries were also present.

i-GeoApproach is a **Internet Geomatics-based Application for Planning Rural Road Connectivity to Habitations**, under **Pradhan Mantri Gram Sadak Yojna (PMGSY)**. Its an enterprise solution based on GIS & Web technology offered by Geomatics Division National Informatics Centre (NIC) M.P. It has been developed for MPRRDA. Huge efforts are made towards creation of Enterprise Spatial GeoDatabase comprising of entire road network (NH to village roads), habitation locations, Railway, major water bodies, major forests etc. It gives holistic view of road network of a district along with other vital geographical features & offers rich functionality on internet. The maps can be zoom/pan, queried and seen as a map output. It facilitates monitoring of the works by contractor/ consultants under PMGSY. Restricted access is available on <http://gismp.nic.in> site. During the inaugural, Shri Vivek Chitale, Technical Director, NIC, MP demonstrated the application. It was a successful & memorable event under the guidance & leadership of Shri. M. Vinayak Rao, STD & SIO NIC MP.
